HOW TO COMPLETE THIS DIVE REPORT

ASSOCIATE MEMBER: Please complete the upper portion of this form to the best of your ability. Then use this form as a basis for reviewing the dive with your Triton dive buddy. **This form must be filled out and reviewed upon completion of the dive. The first copy is to be forwarded to the membership chairperson within 30 days of the actual dive.** The 2nd copy of your associate dive report should be retained by you and made available to your next Triton Dive Buddy, for review prior to your dive with that new dive buddy.

ASSOCIATE NAME: Use ball-point pen. Please print clearly!

DIVE DATE: Only one dive report may be used for each day of diving.
Only one dive report may be used for each multiple-day training session.
(This should be filled out on the last day of training.)

DIVE LOCATION: What body of water?

TYPE OF DIVE: Check all that apply.
Example: *Boat, Shore, Wreck, Training, Other* FILL IN BLANK

DEPTH: Could be multi-level dive. Indicate deepest depth attained.

VISIBILITY: Can be a range. Example 30 - 40 feet

WATER TEMPERATURE: Should be temperature at depth.

WEATHER CONDITIONS: Can also include sea conditions if noteworthy.

BOTTOM TIME: Actual bottom time. Not total time in water.
Training - Indicate total number of training dives (counts as one dive)

TRITON DIVE BUDDY: The Triton Associate Dive begins with finding out the experience level of the associate diver, and the review of any previous Associate Dive Reports. Because many associates are newer divers, this will give you the opportunity, to be helpful to the associate member with any problems or concerns that they may have. Upon completion of the dive, complete the lower portion of the dive report. This evaluation portion of the report is designed for constructive comments and suggestions for improvement of skills and additional training. By pointing out weaknesses in a constructive manner, you are drawing on your own experience to assist a new diver. Everyone will benefit from this! After filling out the dive report, **REVIEW THE REPORT WITH THE ASSOCIATE!** *This is mandatory for the report to be valid.*

COMMENTS: Use this section to include anything about the dive that may have been unique: Night dive, Photos taken, etc. **Comments are mandatory. Report is considered incomplete if no comments are entered.**

RECOMMENDATIONS: Use this section to **constructively** suggest skill practice or additional training available through the Board of Education.

REVIEW: **Remember, reviewing the report with the associate is mandatory for the report to be valid.**
