Next month we have the Charter dive on the Willie, which is full, and the Bus Tour in Chicago and early August Howard/Etherton Day at Pearl Lake.

This month's question is about a fellow Triton and is courtesy of Lea Ann Hotton. First three people to send me the correct answer to [streimer1@comcast.net](mailto:streimer1@comcast.net) get a \$5 gift card to The Tap House. Which Triton's hair was so curly that they had an afro in college?

Hope to see everyone at the meeting.

## **DIVE THE WILLY AND DREDGE**

**Saturday July 21, 2018  
12:00 PM AT JERRY'S DOCK  
IN MILWAUKEE**

THE "WILLIE" IS THE MOST POPULAR SHIPWRECK IN THE AREA. SHE IS LAYING ON HER STARBOARD SIDE AT A DEPTH OF 45 to 110FT. THIS STEEL CARGO SHIP IS 258FT LONG AND SANK IN 1954.

THE DREDGE #6 OR #906 IS ANOTHER POPULAR AND UNIQUE SHIPWRECK. SHE LIES AT A DEPTH OF 30 to 70FT. SHE IS 120FT LONG AND SANK IN 1956. SHE IS LAYING UPSIDE DOWN ON HER STRUCTURE AND YOU CAN SWIM EASILY BENEATH THE DECK.

We have booked A&J dive Charters out of Milwaukee. We have the 1:00pm Afternoon dive for 6. This is a fast boat that accommodates 6 divers, leaving from the same dock as the Lender. I have chosen the Prinz Wilhelm and the Dredge; however this is flexible and open for discussion. Fee is \$90.00 per person BYO air tanks. Their website is: [ajdivecharters.com](http://ajdivecharters.com), check it out, there is information on all the shipwrecks in the Milwaukee area. Their boat, the Sarah Jane is a 35 ft. Owens Concorde. She was built in 1971 but don't let her age fool you, she has been re-powered with twin 454 Mercruiser engines and has a top speed of 35 MPH make her one of the fastest Scuba charter boats in the Milwaukee area. This dive is filling up fast. If you did not already sign up, please email or call me. \$100.00 Will hold your spot. Please bring your checks to the meeting.

# **MEMORIAL SUNDAY BIKE, WALK, AND EAT**

We had 28 hardy souls join us for a very warm, but enjoyable, day at the Levenberg's house on Memorial Sunday, May 27, 2018.

Since no one brought SCUBA gear, the biking group decided not to try the Des Plaines River Trail that had multiple flooded underpasses. Instead 8 drove to a new area to bike on the Millenium Trail and 4 biked to Independence Grove Forest Preserve. The bikers were dogged, but relieved as others in their intrepid group chose to by-pass a loop which would have made the ride even longer. Of course, Pete and his daughter, Trish, took the loop after going farther into a nearby shopping center. Amazing!! It was HOT!

Eight walkers split into three groups with one couple happy to walk around the neighborhood circle by the Levenberg's house. The other two groups who started at different times at Independence Grove Forest Preserve each had someone get too hot and have to stop. It was HOT!

Everyone enjoyed the Eat portion of the day with great appetizers, three main dishes, and many side dishes and desserts. The Tritons never quit on the EAT portion of the day. With the Levenberg's three canopies and four more canopies brought by Tritons, a large shaded area was available for everyone to enjoy themselves, although some still decided to eat standing at the high counter in the Levenberg's air-conditioned kitchen. It was HOT!

We were delighted to welcome our last Triton who arrived around 3PM, and we were very happy that the party lasted until much later. The Tritons proved, as always, that they can make any day work well, no matter what they encounter. It was HOT

## **GREAT WHITE SHOCKER ON FIRST FLORIDA KEYS DIVE.**

Cody Wabiszewski was making his first dive beyond 60 feet (18m) on the wreck of the Thunderbolt, off Marathon in the Florida Keys, when a great white shark swam by, surrounded by amberjacks, African pompano, and a huge cobia . He and his group did not panic, but marveled at the sight . "When looking at the shark, it is amazing, unbelievable, and freaking awesome, so you are not scared," Wabiszewski told FOX 13 News . The group made a second dive hoping to see it again .

## ***NEW WWW.THETRITONS.COM***

We now have a new Host for the "[www.TheTritons.com](http://www.TheTritons.com)" website. Our old web site was a Hodgepodge from many contributors and was well... a mess. Now is the time to clean this up. Milt is building a clean logical web site. Things that were not logically associated to data were not put on the new site. Milt transferred the web site and there may be a few broken links so if you find any please let Milt know at [milspec@comcast.net](mailto:milspec@comcast.net). Be sure to check it out.

## ***LIONFISH GO DEEP***

An Inspiration rebreather diver has logged his deepest lionfish kill. DiveTech's Drew McArthur culled a lionfish 340 feet (104m) deep in Grand Cayman waters. With divers seeing fewer lionfish on the reefs, some believe that they are living deeper, but McArthur says that's not what he's seeing down there. But they are easier to spear because they are not accustomed to seeing humans. McArthur told Cayman 27 that his catch was not particularly big. Good news, but it does mean the intruder will never be eradicated.
