## PRESIDENT'S MESSAGE

Note: This is an abbreviated September Trib because our editor had computer problems.

Wow... time is flying by. Every day I wake up and the season seems to change. It is summer, its fall, no its summer. Take a coat with, leave the coat home. Some things are consistent. It's still road construction season. The Tritons are moving to our fall calendar now, planning has started on our holiday party, The last dive event of the year is in a few weeks, the Lake Geneva dive which is a lot of fun and includes recovering goodies that the boaters have lost over the summer. (I got an anchor that way) I have been informed that the Terror Train outing will have to be cancelled due to the train breaking down a couple of weeks ago and is now in for repairs. Mayby next year. ICCSD is having a pumpkin carving dive in the next few weeks and it is always fun to attend. I will miss the next general meeting but I will see you in October.

Dive Safe

Mike
