

PRESIDENT'S MESSAGE

Dear Fellow Tritons,

Hi everyone, latest tentative word is restaurants in Illinois will likely open at the end of June in some limited seating capacity. I'm guessing that will not include 25 – 30 people closer together than 6 feet, nor do I think anyone is comfortable yet going into such a close space.

For at least the next several months I would like to propose we meet virtually using Zoom. We had the board meeting using Zoom earlier this month and it worked well.

I know this looks like a lot of information, but you can connect just by telephone conference for those that don't want to try using a PC for the first meeting. Please contact me if you have questions on how to set this up; 847-561-2272 or streimer1@comcast.net.

The specifics are: **Tuesday, May 26 2020 at 07:30 PM CDT: Join Zoom Meeting**

COVID-19 MAY HARM DIVERS LUNGS

Divers who suffered from Covid-19 disease may never be able to dive again, says senior physician Frank Hartig at the Innsbruck University Clinic in Austria. The clinic has treated dozens of corona virus sufferers including six active divers, none of whom had to be treated in hospital but cured themselves in home quarantine and are considered recovered. But, "the damage to the lungs is irreversible," said Hartig. "After a Covid-19 infection, even if you have only mild symptoms, you should definitely have a dive doctor examine you thoroughly even if you still have an upright medical examination.
