

PRESIDENT'S MESSAGE

Dear Fellow Tritons,

Well so much for the Old Farmer's Almanac's prediction of 10° F above Normal for the lower Great Lakes, it is cold and snowy! Hope everyone is staying safe and warm. Reminds me of some winter memories from my childhood, before I had to shovel snow.

Elections are next month, thanks to the Nominating Committee for getting the slate of candidates together this year and everyone that is running,

Hopefully thus cold snap will be over in another week or two and we can start looking forward to spring. I am looking forward to diving in Haigh Quarry and trying out some new photographic techniques.

Remember if you need anything, please reach out.

Scott Reimer, President (847)-561-2272 streimer1@comcast.net

CAYMAN LOCKDOWN AND A RECORD SETTING TURTLE SEASON

The 2020 turtle nesting season came to an end with a record confirmed 557 nests on Grand Cayman. The deserted beaches have given the turtles the opportunity to lay their eggs unhindered. The Department of Environment relocated 53 nests to protect them from storm surges on Grand Cayman, and eight of these were relocated on Cayman Brac. Last year on Grand Cayman, the DOE recorded 345 green turtles, 156 loggerhead turtles, and five confirmed Hawksbill nests.

HUGE NEW CORAL REEF HAS BEEN DISCOVERED

Located just six kilometers from the Great Barrier Reef off Australia. The "new" reef is taller than the Empire State Building and is teeming with healthy fish and coral, It is the first such discovery in 120 years.

Research from James Cook University, Cairns, Australia, reported at Reuters.com
